2017 LICENCE INFORMATION

From January 2017 all rider's licences issued by Continental Unions (CONU) will be harmonised and sold by FIM to National Federations (FMN) online from FIM Extranet. Some changes to the name of the different licences has been made. Moreover, there are some changes regarding what licence can be used in specific categories.

Please notice that where an International Licence is required (International Classes and all assistants), the rider must bring the paper printout of the FIM Trial International. All the different designed licenses in «credit card» format, issued by the FMN will no longer be accepted unless it is accompanied by the print from FIM Extranet.

To avoid any misunderstanding and make the transition as smooth as possible, we have made the table below where you can see what licences are valid for different participants in the European Trial Championship events.
